

I'm not robot!

Predictions Worksheet 4 | Answer Key

- Suggested Answer:** The ship is probably going to save Jarod.
- Ex:** I believe this because the ship tooted its horn and turned toward Jarod right after he shot his flare.
- Suggested Answer:** Mr. Fox and Mr. Rabbit will probably start attacking one another.
- Ex:** I believe this because they were on the edge of attacking one another, and then the construction crew made a loud bang. Mr. Fox, Mr. Rabbit, or both will mistake the noise for an attack.
- Suggested Answer:** Johnny is probably going to fall in the water.
- Ex:** I believe this because he is surrounded by cracks and some of the ice has already broken away. Johnny should have known that the ice was unsafe when he saw water along edges. This means that it is melting.
- Suggested Answer:** Lisa is probably going to fall asleep.
- Ex:** I believe this because it is late and Lisa is tired. Also, she appears to be reading some pretty dry stuff. This is probably going to cause her to doze off.
- Suggested Answer:** Mr. Nibbles is going to get caught in that mousetrap.
- Ex:** I believe this because the device that Mr. Nibbles encounters is a mousetrap. He is attempting to remove cheese from a mousetrap. This will probably cause him to get caught by the mousetrap.

Study island answer keys.

Full PDF PackageDownload Full PDF PackageThis PaperA short summary of this paper22 Full PDFs related to this paperDownloadPDF Pack Are you looking for the answer key to the Study Island math questions? You've come to the right place. In this article, we will provide you with a link to the answer key, as well as tips on how to use it. So whether you are struggling with a particular question or just want to make sure you are doing well on your math assignments, read on for helpful information. It can be frustrating when you're stuck on a math problem and don't have the answer key. But what if you could get that answer key without leaving your house? Study Island is a website that offers answer keys for math problems. You can also find practice problems and lessons on the website. 1. Parents and students who use Study Island often need help getting started. 2. One way to get help is by looking at the answer key that is provided for each quiz. 3. The answer key can be found in the upper right-hand corner of each quiz. 4. It shows the correct answer for each question as well as the percentage of students who answered correctly. 5. The answer key can be a helpful tool when studying for a quiz or test. A popular online educational tool used by students of all ages is Study Island. Study Island is a website that provides students with practice quizzes and learning activities in all subject areas. The website is designed for students of all abilities and grades, from kindergarten to 12th grade. Students can receive individualized instruction and feedback on their work. In addition, teachers can use the website to create assignments for their students, track student progress, and assign points for correct answers. What is the difference between a free and a paid account? There are a few key differences between free and paid accounts on websites. Typically, free accounts have fewer features or abilities than paid accounts. For example, on many websites, free account holders cannot post comments or upload photos. Additionally, free accounts are often ad-supported, while paid accounts typically are not. Paid accounts may also have more storage space for files or data. Finally, paid accounts typically offer customer service and support, while free account holders generally do not. What happens if I don't pay for the account? If you don't pay for your account, you may lose access to your email, website, or other online service. In some cases, you may also be sued for damages. Most online services require payment to maintain an account. This payment can be in the form of a monthly subscription, a one-time fee, or advertising revenue. If you don't pay for your account, the service may terminate your account or limit your access.
